

BERTOLINI

Calf Milk Transfer Pump

MODEL BAMT24

DESCRIPTION

The Bertolini Calf Milk Transfer Pump includes a high volume 240 volt pump, electric cable and float switch and 5 metres of hose. The pump provides a quick and easy method of transferring calf milk from a bulk container into a calf feeder.

OPERATION

Immerse the pump into the bulk calf milk container. Plug the pump into the electric socket. The pump is now ready for use. The float switch will turn the pump off when horizontal suction is up to approx 10mm. If operating pump on extension cord or outside an RCD protector must be used.

PERFORMANCE SPECIFICATIONS

The pump is designed to pump 130 litres per minute open flow. With hose attached you will get a reduced flow. For best performance the hose should be kept as short as possible and free of kinks and restrictions. The maximum pumping height is 6 metres.

MAINTENANCE

The pumps performance and life are reduced if not kept clean. Cleaning after each use ensures that bacteria are kept at bay. Do not immerse the pump in hot water. Where possible use cold water cleaning agents. The maximum water temperature should not exceed 53°C.

HINTS

- Handle with care. For a long trouble free life do not treat the equipment roughly.
- For maximum flow do not kink the delivery hose and keep the hose as short as possible.
- Attach rope to pump handle for ease of removal.
- **To avoid damage do not lift the pump by the electrical cord or float switch.**

TROUBLE SHOOTING

Symptom	Possible Cause
No fluid pumped	Blown fuse, Replace if necessary. Impeller jammed, Check for debris
Reduced flow	Delivery hose kinked or restricted, Delivery hose too high

OPTIONAL EQUIPMENT

Heavy-duty kink resistant dispensing hose is available at extra cost.

Bertolini Australasia Warranty Policy

Bertolini Australasia warrants the owner that it will repair or replace without charge parts found defective or malfunctioning in accordance with the warranty limitation and adjustment schedule below.

All products

Private Domestic Use	12 months
Private and Commercial Agriculture	12 months
Agricultural Contractors	6 months
All Non-Agricultural Applications	3 months

This warranty period will begin on the date the product is delivered to the first retail purchaser.

This Warranty covers

- Only conditions resulting from defects in workmanship or material under normal use and service.

This warranty does not cover

- Conditions resulting from misuse, negligence, alteration, accidental damage or failure to perform normal maintenance services.
- Any product which has been repaired by an unauthorised Bertolini Australasia service outlet which adversely affects its performance and reliability in any way is the sole and absolute judgment of Bertolini Australasia.
- The replacement of lubricating oil, filters and belts made in connection with normal maintenance services.
- Lost time, inconvenience, loss of use of the product or other consequential damages.

The repair of defective products qualifying under this warranty will be performed by any authorised Bertolini Australasia service outlet within a reasonable time following the delivery of the product at the cost of the owner, to the service outlets place of business. The product will be repaired or replaced using new parts sold by Bertolini Australasia.

The owner is responsible for the performance of regular maintenance services as specified in the owner's operator manual applicable to the product.

- **This warranty is the only warranty applicable to Bertolini Australasia's new products and, to the maximum extent permitted by law, is expressly in lieu of any other warranties expressed or implied, including any implied warranty of merchantability or fitness for a particular purpose.**
- **Bertolini Australasia does not authorise any person to create for it any other obligation or liability in connection with these products.**
- **Bertolini Australasia shall not be liable for incidental or consequential damages resulting from a product performing in breach of the written warranty.**
- **Given continuous product development, Bertolini Australasia reserves the right to change specifications and design without notice.**
